# School and Academies Furniture & Associated Services Framework

The School and Academies Furniture & Associated Services Framework has been created to provide a more flexible solution for procuring furniture. Dukefield Procurement are the framework contract manager on behalf of Crescent Purchasing Consortium (CPC). Working in collaboration with CPC, Dukefield Procurement collectively embarked on creating this framework to provide a more flexible solution for the education sector and the wider public sector.

The framework offers competitive pricing and a UK Procurement Contracts Regulations (PCR) compliant route to market.

## The other key benefits of using the framework are:

Help desk support & guidance

Wide range of products available

Experienced suppliers & manufacturers

Efficiency – a full tender process has been completed

## We're confident that we have the right solution for your requirements under one of the 7 Lots:

### Lot 1

Freestanding classroom and education furniture

### Lot 2

General administrative, storage and conference furniture

### Lot 3

Dining room furniture

### Lot 4

Library area furniture

### Lot 5

Special education needs and early years and accessories

### Lot 6

Specialist rooms including food technology, science rooms and more

### Lot 7

Staging and performance areas

Each lot offers institutions a full-service furniture solution including additional services such as planning, design, installation, fitting, and aftersales support.

## National Education Framework

# School and Academies Furniture & Associated Services Framework

We understand the importance of industry knowledge when it comes to providing the best environment for children to learn in. Our highly qualified suppliers have the expertise in the design elements required to provide the right solutions.
